**2008 Co-Occurring Disorders:  
Service Delivery and Systems Change  
TIP 42 Training**

**Training Content:** An intensive one day training on co-occurring mental and substance use disorders (COD) utilizing a Treatment Improvement Protocol (TIP) 42 Substance Abuse Treatment for Persons with Co-Occurring Disorders: Service Delivery and Systems Change, presented by Dr. A.J. Ernst, Director of the Co-Occurring Center for Excellence (COCE). The training will address evidence-based practices, special settings and populations, definitions, guiding principles, keys to successful programming, screening and assessment, strategies for working with clients, clinical models and techniques and treatment matching.

**Teaching/learning objectives:**

Participants in this workshop will be able to:

- 1) Demonstrate a core understanding of COD related to service delivery including definitions, guiding principles, challenges in treating COD, special settings and populations, tasks regarding screening, assessment, treatment matching, and services integration;
- 2) Demonstrate a core understanding of treatment matching related to serving persons with COD including quadrant identification, and clinical applications for motivational enhancement, contingency management, cognitive behavioral techniques, and relapse prevention.
- 3) Identify resources available to address

COD including curricula and other material through SAMHSA's Co-Occurring Center for Excellence and other resources.

- 4) Special settings and populations, tasks regarding screening, assessment, treatment matching, and services integration.

**Presenter Information:**

**Anthony J. (A J) Ernst, Ph.D.  
(240) 671-7272**

Dr. Ernst is a nationally recognized content expert in behavioral health and systems change. He earned his Ph.D. in social work and is licensed in the State of Texas. As the national Director for technology transfer at SAMHSA's Co-Occurring Center for Excellence (COCE), Dr. Ernst currently leads a national effort to bring science to practice in the mental health, substance abuse, and corrections fields. COCE's clients include State authorities, cities, counties, tribal organizations, national associations, individuals and family members, and numerous provider entities including treatment agencies and hospitals. COCE has served over 700 clients during the past five years.

**Bring your copy of the TIP 42 to this training (if available).**
